SUMMARY

I am Mahnoor Tufail, a BS Software Engineering student at COMSATS University Islamabad (Abbottabad) with a 3.52 CGPA. Skilled in React JS, Node.js, MongoDB, Next JS, and Express, I create dynamic web applications with a focus on efficiency and innovation. Fluent in English and Urdu, I thrive in collaborative environments and am dedicated to continuous growth in software development.

KEY ACHIEVEMENTS

Certification

- Full Stack Web Development Internship – hiSkyTech (Sep 2024)
- Web Development Internship – TechWithWarriors (Oct 2024)

Worked on Real-World Projects

Contributed to a MERN stack project by integrating secure authentication and state management. Collaborated with cross-functional teams to enhance UI/UX for a full-stack e-commerce platform. I developed SignaForm (a drag-and-drop form builder with analytics) and contributed to Sinapsity, along with multiple other real-world applications.

Enhanced Performance and User Experience

Optimized API calls using Axios to improve load times by 30%. Implemented lazy loading for images and components, reducing initial page load time.

EDUCATION

03/2017 - 03/2019

Matriculation, Computer Science

ArmyPublicSchool - (APSACS)

Marks : 72.3 %

04/2019 - 04/2021

Intermediate, Computer Science

ArmyPublicSchool - (APSACS)

Marks : 88.3 %

03/2022 - 03/2026

Bachelor's degree, Computer Software Engineering

COMSATS Institute Information Technology Abbottabad

CGPA 3.5 / 4.0

EXPERIENCE

09/2024 - 10/2024

Remote Internship

Web Developer

HiSky (Pvt.) Ltd

During my internship, I built full-stack web apps, managing authentication, API integration, and responsive designs across three projects.

01/2025 - 03/2025

OnSite Internship
Abbottabad

MERN Stack Developer

FirnasTech (Pvt.) Ltd

Throughout my internship, I gained valuable experience in developing full-stack web applications, handling user authentication, and integrating third-party APIs for dynamic content generation.

04/2025 - present

OnSite Abbottabad
(OnSite Job)

Software Developer

WISE360Solutions(SMC-PRIVATE) LIMITED

I developed SignaForm (drag-and-drop form builder) and Sinapsity, plus multiple enterprise applications. Built responsive UIs with React, implemented real-time features, and optimized performance for production use.
